Relations With Germany Severed.

New Submarine Order Causes Break. War May Follow. An 'Overt Act' is Awaited. U. S. Prepares for Any Emergency. German Ambassador leaves 13th.

15 Vessels Sunk Tuesday. Developments Awaited

Diplomatic relations with Germany have been severed and President Wilson went before a joint session of Congress at 2 o'clock Saturday afternoon to state this fact.

Ambassador Von Bernstorff has been handed his passports and James W. Gerard, American ambassador to Berlin, has been ordered to return home.

Notice of the break with Germany was outlined in an address the President delivered to Congress.

The decision to break was reached after the President's conference with the Cabinet and Senators. His address to Congress reviewed negotiations with Germany.

The breaking of relations does not necessarily mean war, but war may follow. The mails will continue to move as usual, and the status of individuals remains practically unchanged. No one besides officers and employers of the naval yards and stations is to be admitted to such institutions according to announcement by Secretary Daniels.

Ambassador Gerard has been instructed to ask Germany for his passport. Passports have been sent to Count von Bernstorff, breaking off diplomatic relations and bringing the United States to the verge of war.

Never in the history of the world have two first class powers severed diplomatic relations without hostility following.

President Wilson in taking this step counted the consequences carefully as have all his advisers. Germany, all her officials have openly said, counted the costs of a break with the United States and was prepared to pay it in hope of shortening the war.

All the machinery of government is sent in motion now to safeguard the nation's interests and prepare to meet the situation as it is now found.

Secretary Daniels issued an order barring all but officials and employees from naval yards, ships and stations. Orders to safeguard American ports were issued

through the Treasury Department to customs collectors and the coast guard service.

The point of difference between the United States and Germany is clear. The United States does not object to Germany attempting to blockade England. It does not object to Germany sinking ships having on board contraband of war. But the United States does insist that the crews of these ships must be taken off. There can be a complete destruction of contraband property but there must be no recklessness which would lead to the destruction of human lives. So far our point of difference is only with Germany. We have no quarrel with Austria, none with Bulgaria and none with Turkey.

In the event of war, the United States may try to guard a line of ships from America to England and France. The United States would string a lot of armed war vessels all the way across the Atlantic and establish a fortified lane.

If the war continued the United States might, later on, arm and equip a million men, or two millions, and transport them over to France, or to Vladivostok and thence across to Russia. But the United States might also co-ordinate its work with the other allies, and supply ammunition and equipment for the fighting soldiers already in England and France, and thus relieve a number of Frenchmen and Englishmen from work in factories so that they could go to the trenches.

While fifteen vessels were sent down Tuesday by submarines, none of these constituted an overt act, and there is still a very slight hope that hostilities may be prevented. In the meantime, the war department is making all preparations for any unforeseen emergency.

The submarine blockade is not expected to come to its maximum stage before the end of the week, as it is thought Germany will give all neutrals an opportunity to get out of the barred zone. This delay is taken by

News Snapshots Of the Week

Germany's action in declaring a war zone around her enemies and announcing her intention of sinking any vessel which entered the zone was the chief topic of the week; it created a sensation in the United States and elsewhere; return of Gerard was called imminent; artillery continued its activity in France. may modify the original order, but this is hardly likely, as Germany is determined to blockade her enemies at any cost. Before another issue of the Courier, we shall probably know for a certainty whether or not we are to war with Germany. Existing peace today hangs by a most slender thread, which is momentarily expected to snap.

THE U-BOAT NOTES LEADING TO RUPTURE.

With two such masters of diplomacy in Washington as Count Johann von Bernstorff, German ambassador to the United States, and Robert Lansing, secretary of State, it was certain that the critical situation arising out of the German order for unrestricted boat warfare would be conducted with the utmost skill.

The negotiations conducted by the two nations in the matter of the use of the submarines by Germany covers the following dates:

Feb. 4, 1915.—German government announces that on and after Feb. 18 all waters around Great Britain will constitute a war zone and merchant vessels found therein will be subject to attack.

Feb. 10.—United States formally warns Germany she will be held to "strict accountability" if Americans suffer as result of new policy.

May 7.—The Lusitania sunk, with loss of 1,200 lives, including 115 Americans.

May 13.—United States sends notes of protest against sinking of the Lusitania, declaring it "will not omit any word or act necessary to its sacred duty of maintaining the rights of American citizens."

May 29.—Germany replies to American note complaining that the Lusitania was armed and carried ammunition for the allies.

July 24.—United States in new note says a repetition of acts in contravention of neutral rights must be regarded, "when they affect American citizens, as deliberately unfriendly."

Sept. 1.—German ambassador delivers to state department message stating, "Liners will not be sunk by our submarines without warning and without safety of the lives of combatants, provided that the liners do not try to escape or offer resistance."

Oct. 18.—United States declares Germany's procedure of putting passengers and crews of merchantmen in small boats on the open seas does not satisfy the provisions of international law.

March 24, 1916.—Channel ship Sussex torpedoed; eighty killed or injured.

April 19.—American note declares unless Germany "immediately declare and effect an abandonment of its present methods of submarine warfare against passenger and freight carrying vessels the government of the United States can have no choice but to

sever diplomatic relations."

May 5.—Germany in reply says ships shall not be sunk without warning and without saving human lives unless the ships attempt to escape or offer resistance.

MRS. SUE MADDOX DEAD.

Mrs. Sue Maddox, of near State Line, died at one o'clock yesterday morning, following a stroke of paralysis, which occurred about eight o'clock Tuesday night. Deceased was stricken while on the porch, was carried to her bed and soon became unconscious, from which state she failed to rally. Mrs. Maddox was about 70 years of age and one of the county's oldest and most beloved citizens. She is survived by three children, R. L. Bradley, of Hickman, Leonard Maddox, with whom she made her home, Henry Maddox, of near State Line. Funeral today at Poplar Grove. Further particulars next week.

As the European war situation stands today, regardless of our interests, both sides are renewing their machinery of slaughter and mobilizing every possible addition to their fighting strength. The Allies are as determined as ever, the Central powers have relinquished the peace move and the world stands aghast. A war to the hilt seems to be assured, with Europe the battle ground, the white race the participants and civilization the victim. It is, indeed, a terrible prospect.

A colonial party will be given at the home of Mrs. Alice Amberg, Wednesday evening, Feb. 21, by the Epworth League of the First Methodist church, for the benefit of the Hospital at Memphis. Everyone is cordially invited. Admission only 15c. Refreshments will be served.

ARMOR PLATE SOUGHT.

Union City, Tenn., Jan. 29. — Great optimism is shown hereby friends of the movement to establish \$11,000.00 armor plant at Hickman, Ky., inaugurated by Syd. L. Dodds, of Hickman, Secretary Fred Quinn, of the Business Men's Club has been in correspondence with Mr. Dodds on the subject. It is understood that committee at Hickman appointed to learn the expense for operating such a gigantic plant for the government has compiled its data, and laid it before the federal committee for such affairs. Out of the bids made for the site Hickman stands, it is thought, a splendid chance. A site selected by the Hickman committee comprises some historic lands on the highest hills overlooking the Mississippi river, which years ago were sold by the Brevard heirs for \$140 an acre and which has since grown in value. The site offers opportunities for fortification and other conveniences, while the water facilities called for are splendid.

POSSIBILITY OF RAILROAD HICKMAN TO THEBES.

Developments in the controversy between Louis Houck, of Cape Girardeau, and the Frisco Railroad as to the ownership of the Cape Girardeau Northern railroad reached a settlement last week whereby the Frisco gave Mr. Houck \$600,000 to reassume the ownership of the line, releasing a judgment of \$1,037,000 which he had previously received against the big system for their sale.

The readjustment of the Cape line's ownership, according to Cape Girardeau sources, comes with the report that the road has been purchased by the Illinois Central and the Mississippi River and Bonne Terre railroads. The Bonne Terre Railroad, it is said, will take over that part of the line north of Jackson, with trackage rights into Cape Girardeau, while the Central will buy the line between Anzell, in Scott county, and Jackson, a total of 18 miles.

The Illinois Central now has every facility for connecting with Cape Girardeau, except a track leading from Illinois to the Cape. The Illinois Central is a part owner in the Thebes bridge and it is interested in the railroad yards at Illinois, and maintains its own switching facilities in that city.

Louis Houck, who owns the Cape Girardeau Northern, is said to have negotiated with the Illinois Central and the Bonne Terre railroads and reached an understanding before he consented to compromise the C. G. N. suit to force the Frisco Railroad to guarantee the bonds of the Cape Girardeau road.

The reported sale of the Cape Girardeau Northern to the Illinois Central is of especially significance to Charleston, inasmuch as it reopens the possibility of a railroad between Hickman, Ky., and the Thebes bridge, via this city. The Illinois Central now have a line terminating at Hickman, and a connection with the Cape Girardeau line in event of purchase would indeed be feasible, with the co-operation that would be given such a project in both Charleston and Hickman. The survey for a line from Anzell to Hickman was made in 1911 by Mr. Houck, before the sale of his properties, and deeds of right of way secured.—Charleston Courier.

**STORM WRECKS FLEET.
DAMAGE AROUND \$5,000.**

An unexpected gale and snow storm, coming from the west and northwest, struck this vicinity about ten o'clock Sunday morning, and river craft of all kinds scurried to shelter to avoid being sunk.

Two gasoline boats, the J. H. and Aubrey, operating the ferry and in the local corn trade, were caught in the storm about seven miles below Hickman, and the Aubrey and two barges loaded with corn, were sunk. The barges are said to have been dashed to pieces. One of them carried 800 bags of corn and the other 400. The barges, corn and boat are a complete loss. The new ferry boat J. H. was finally rescued, after her big stern wheel had been torn off. J. H. Pickett, who with others, owned this equipment, thinks the loss amounts to \$5,000.

Thurman Pickett, Jim Holcombe, Joe Engle and Jerry Sparkman were in charge of the boats. When the storm hit, the negro rowers hurried ashore—and some of them have not been seen since. It is remarkable that loss of life did not occur. Had the boats been lower down, or out in the river, there would have been a different story. In the storm's fury, waves ran into the pilot house of both boats—12 to 15 feet high—and the crew could do nothing but abandon the fleet. That the J. H. was not lost is miraculous; neither did she lose any of the 225 bags of corn on her deck, but broke her lines, drifted out into the river and was later hauled in a few miles down stream.

The young hurricane, which wrecked the corn fleet, struck without warning, carrying dust, snow and caused a drop in temperature of about 34 degrees. The wind maintained a strong velocity until night, and the sky remained a sort of queer orange color throughout the remainder of the day. The snowfall amounted to practically nothing the wind sweeping it away as fast as it fell, but zero weather followed Sunday night.

**WONDERFUL STUFF!
LIFT OUT YOUR CORNS.**

Apply A Few Drops Then Lift
Corns or Calluses Off With
Fingers—No Pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man.

Ask any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin.

Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him to order it for you. Adv.

Are You a Stockholder?

The books open today, Feb. 1, for a new series and close Thursday, Feb. 15.

Now is the time to subscribe and be with an institution fostered by home people and which has seen twenty-seven prosperous years of existence.

In building a home through the association you are simply investing rent money which eventually rewards you with a home of your own at the maturity of the series in which you have borrowed, instead of having paid rent for that length of time and in the end have nothing to show for the outlay.

It's worth thinking about. We have at present 259 members who hold 1501 shares of stock.

Our loans at close of business
Dec. 31, 1916 were . . . \$75,000.00
Cash on hand and other items . . . 17,000.00
Due shareholders . . . \$92,000.00

We had 14 Series in existence—beginning with Series "O2" and ending with Series "B3".

The Series now open is "C3", or in other words we have started on the third round of the alphabet and have gotten as far as the letter "C" since the institution was inaugurated.

It will pay you to investigate. See or address—

BE SURE TO PAY UP.

To promote good feeling among your neighbors and acquaintance, hunt up those whom you owe money and square the account during Pay-Up Week, February 9 to 24. Don't wait on the other fellow. See him first—and liquidate.

Afterwards meet your obligations the first day of each month. If you owe more than you can pay at one throw, pay what you can. Let your creditors know that you haven't forgotten your debts. It's only fair to them—and it's valuable to you. You are a fortunate man if your credit is A No. 1.

Start the habit during Pay-Up Week of paying your bills promptly. Such a habit will establish greater credit for you. Why, any banker will tell you a man doesn't have to be wealthy to secure a loan when he needs it. The Poor man who has the reputation of paying what he owes has a better credit at the bank than the man who has greater resources but won't pay up. Remember the Slogan—

BARTLETT MURRELL DEAD.
AN OLD HICKMAN BOY.

Bartlett Murrell, a son of Judge R. S. Murrell of Hickman, died at his home in Columbus, Ohio, Monday morning at 9:20 o'clock.

Bartlett Murrell was born and reared in Hickman, but left here about ten years ago, and has many friends here who will learn of his death with a pang of regret. He was born May 25, 1885. Two years ago he married a lady at Columbus, and has made his home in that city since that time. He was a traveling salesman for a well known firm and was making good.

Besides his father, Bartlett is survived by his wife, mother, a brother, Silas Murrell, and sister, Mrs. Addie Scott, all of whom reside at Columbus.

Death was the result of Bright's disease. Mr. Murrell had been ill since last November.

Bartlett Murrell was a bright, hustling young fellow and the Courier is sorry to learn that death has taken him away.

BOARD GRANTS HICKMAN COMMITTEE AMPLE TIME.

The local committee looking after the interests of Hickman in regard to the Govt. Armor Plate Works, sent the following telegram to the Board at Washington:

"Our data is not quite ready, but shows we are within economical reach of pig iron via water from St. Paul, St. Louis, Chicago, Pittsburg and Tennessee river points. This is all down stream tow and can be barged for 80 cents to one thirty per ton. In our opinion the volume of raw material required makes the question of water transportation most important feature. Gas producer can be purchased here for two dollars per ton steam coal for one fifty or less in normal times. Kindly grant privilege of forwarding data as fast as it is completed, and pleasure of showing you our location and its natural advantages."

A reply received from the Board this week indicates that a snap judgment will be taken at Hickman and that we shall be given ample time to file a complete and comprehensive brief which is now being drafted.

WOMAN GIVEN AID IS BELIEVED UNWORTHY.

Capt. Lewis, of the Salvation Army, received a call early last night from a strange white woman, who claimed to be almost totally blind. She was accompanied by a 12-year old son and claimed to be enroute to Hickman Ky.

The visitors were invited to take supper with Capt. and Mr. Lewis, and it was during the meal that the boy gave away his mother's real intentions. It was learned that she was merely wandering around and securing assistance by telling the story of being blind.

Earlier in the day she was given over \$6.00 by travelers at the Union Station. This collection was made up by two young ladies.—Cairo Herald.

BOARD GRANTS HICKMAN COMMITTEE AMPLE TIME.

The local committee looking after the interests of Hickman in regard to the Govt. Armor Plate Works, sent the following telegram to the Board at Washington:

"Our data is not quite ready, but shows we are within economical reach of pig iron via water from St. Paul, St. Louis, Chicago, Pittsburg and Tennessee river points. This is all down stream tow and can be barged for 80 cents to one thirty per ton. In our opinion the volume of raw material required makes the question of water transportation most important feature. Gas producer can be purchased here for two dollars per ton steam coal for one fifty or less in normal times. Kindly grant privilege of forwarding data as fast as it is completed, and pleasure of showing you our location and its natural advantages."

A reply received from the Board this week indicates that a simple judgment will be taken of Hickman and that we shall be given ample time to file a complete and comprehensive brief which is now being drafted.

WOMAN GIVEN AID IS BELIEVED UNWORTHY.

Capt. Lewis, of the Salvation Army, received a call early last night from a strange white woman, who claimed to be almost totally blind. She was accompanied by a 12-year old son, an claimed to be enroute to Hickman Ky.

The visitors were invited to take supper with Capt. and Mr. Lewis, and it was during the meal that the boy gave away his mother's real intentions. It was learned that she was merely wandering around and securing assistance by telling the story of being blind.

Earlier in the day she was given over \$6.00 by travelers at the Union Station. This collection was made up by two young ladies.—Cairo Herald.

BRYAN COMES TO FRONT WITH ALTERNATIVES.

William Jennings Bryan issued a statement Monday addressed to the American people appealing to them to let the President and Congress "know that the people at home protest against entering this war on either side with its frightful expenditure of blood and treasure; that they are not willing to send American soldiers across the Atlantic to march under the banner of a European monarch or die on European soil in settlement of European quarrels."

Several alternatives were suggested by Mr. Bryan, including postponing until after the war the settlement of any dispute that cannot be adjusted by peaceful means, warning Americans off belligerent ships, refusing clearance to American and other neutral vessels carrying contraband, keeping American vessels out of danger zone, and the submission of any declaration of war to a referendum of the people.

EXTRA SESSION CALLED FOR FEBRUARY 14th.

Gov. A. O. Stanley issued a call Saturday night for the general assembly to convene at Frankfort Wednesday, Feb. 14, for the "sole purpose of considering the subject of revenue and taxation."

This is the first time in 12 years that the Kentucky general assembly has been convened in special session.

The session automatically is limited to sixty legislative days, which excludes Sunday and legal holidays. Gov. Stanley was advised by Attorney General M. M. Logan. This would make it adjourned, if it did not finish its work sooner, about April 25th.

With only one question before them, revenue and taxation measures, which must originate in the House and pass the branch first, the senators will have ample time to acquaint themselves with all the details of proposed legislation by listening to debates in the House and the employees will enjoy a season of comparative ease until the House begins sending bills to the other end of the capitol.

HENRY A CANDIDATE FOR COUNTY COURT CLERK.

Clarence Henry authorizes the Courier to announce him as a candidate for County Court Clerk of Fulton county, subject to the action of the Democratic party. Mr. Henry is a resident of Hickman, now with the furniture firm of Barret & Ledford, and has lived here for the past fifteen years. He was born and reared in the vicinity of Mud Creek, and of course is a Fulton county boy. Ever since he was old enough, he has voted the Democratic ticket, but has never before sought office or any political favors of his party. He is a man in whom the people can place their trust in the event he is successful in attaining the office he seeks. He has had sufficient business training to equip him for the proper care of the office of county court clerk, and there is no doubt about the people's business being in good hands if he is elected.

He places his candidacy in the hands of the Democrats of Fulton county, earnestly asking their support at the primary, and assuring them that it is impossible to find one who will more thoroughly appreciate the honor than he will. He is in every respect worthy of the confidence of the people of the county and qualified to render them efficient service.

HUGE OIL TANK AT WICKLIFFE EXPLODES.

Wickliffe was shaken and Barlow, Ky., six miles distant, felt the shock at 7:35 o'clock Saturday morning when a huge tank, containing 15,000 gallons of kerosene blew up along side the Illinois Central railroad tracks at the former place.

The oil immediately burst into flames and but for a strong south wind it is believed the Illinois Central depot and a hoop mill would have been destroyed.

The force of the explosion tore up great chunks of frozen earth and hurled them for seventy feet. No one was injured.

Great clouds of black smoke blowing over the river gave rise to a rumor that the Steamer Bob Lee had been blown up and was on fire.

The explosion is believed to have been caused by leaking oil which was ignited by a fire said to have been started by section men.

The fire was spectacular, a solid sheet of flames licking out from the burst tank.

County School Notes

By Miss Virginia Lutten
County Supt.

On April 14th there will be a test given on the reading circle books for this year. All teachers who wish to do so may take this test, and thus receive the proper credit for the work done. More attention is being given to this work than heretofore. The examination will be held by the County Board of Examiners and questions furnished from the Department of Education at Frankfort. Supt. Gilbert desires that as large a number of teachers as possible read these books and take this test. The books for this year are: Carney's "Country Life and the Country School," Bricker's "Agricultural Education for Teachers," Field and Nearing's "Community Civics," McMurray's "Handbook of Practice for Teachers," Leiper's "Language Work in Elementary Schools."

The K. E. A. will be held this year April 25-28. Before that date definite announcement will be made as to whether or not county teachers will be given the same credit for attendance as heretofore.

SENSATIONAL BARGAINS IN MISS. COUNTY LAND.

Here is the proposition you've been looking for. Fine "cut-over" land in Mississippi county, at about half what you ought to pay. Buying cheap land makes more fortunes than any one thing.

These lands are all in the New St. John Levee and Drainage District, right across the river from Hickman. The levee protecting all these lands is now being built. They are fine soil and being protected by a levee, makes them, at the price, very cheap lands, and on the terms offered any industrious man can own a farm. But, as the building of this levee is sure to increase land values, you will have to act at once for land like these now selling round \$20 to \$30 an acre. If you own land in this district, whether improved or unimproved, and want a loan, write us or call and see us.

Here are some good "cut-over" land bargains:

1—63 acres on Jim Bayou, 4 miles of Dorena, price \$27.50 per acre, 1-3 cash, balance 7 per cent interest.

2—960 acres near Bayouville, 10 miles of Hickman, price \$20 an acre. This can be had in 80 acre tracts at \$20 to \$25 an acre, 1-3 cash, balance at 6 per cent interest.

3—1400 acres, near Bayouville with 400 acres in cultivation, several buildings, school on land. Price \$28 an acre. 1-3 cash, balance on long time at 6 per cent interest.

4—80 acres near Jim Bayou, four miles from Dorena, Price \$30 an acre, 1-3 cash, balance at 7 per cent interest.

5—240 acres, on Hickman and New Madrid road, 80 acres deadened off. Price \$18 an acre, 1-3 cash, balance at 6 per cent interest. The big drainage ditch is now being dug, running thru No. 2-3 and 4.

6—1800 acres 8 miles south of East Prairie. Price \$30 an acre, with \$2.50 an acre cash, balance long time at 6 per cent, but purchaser will be required to reduce not less than ¼ of land to cultivation each year.

7—2761 acres, at Henderson Mounds, 6 miles south of East Prairie, right at station, the depot being on the land. About 400 acres in cultivation. Price \$30 an acre, or can be sold in 80 acres tracts of the cut-over land only, at \$30 to \$35 an acre, very easy terms can be had.

8—320 acres 12 miles from Hickman, near Hickman and New Madrid road. Price \$14 an acre,

½ cash, balance long time at 6 per cent. The big drainage ditch runs thru this land.

9—487 acres, about half way between Hickman and East Prairie. This has about 3,000 feet per acre of good oak, hickory, elm, and gum timber. A big ditch runs right thru this land and the timber can be cut and the logs floated down the ditch to the river 1½ miles, and money realized out of this timber to pay for this land at the price. Price \$22 an acre, 1-3 cash, balance on long time at 6 per cent interest.

WILL MEET FEB. 14th.

The Fiscal Court was to have met here Saturday to consider the matter of employing a farm agent for Fulton county, but the weather was extremely cold and the court decided to postpone its meeting until Wednesday, Feb. 14th.

The meeting of local business men and farmers was also postponed for the same reason, as Fulton's committee did not like the idea of driving 22 miles through the cold.

FOR RENT.

Desirable residence on the hill, in one of the best neighborhoods in town. Five rooms reception hall, closets and porches, bath room and water closet, hot and cold water, and electric lights. Will be vacated February 8th.—L. P. Ellison. tfe

On account of another engagement, Rev. R. C. Douglass calls in his appointment at East Hickman Chapel.

FOR RENT: Two rooms for housekeeping, kitchen furnished. No children. Phone 44J. tfe.

SMOKING THE MEAT.

The best fuel for smoking meat is green hickory or maple wood smothered with sawdust of the same material. Hardwood of any kind is preferable to soft wood. Resinous woods should never be used, as they are likely to impart bad flavors to the product. Corn-cobs are the best substitute for hardwood and may be used if desired. Softwood and corn-cobs give off large amounts of carbon in burning, and this is deposited on the meat, making it dark in color and rank flavored.

CARD OF THANKS.

We desire to extend our sincere thanks to our friends for their many acts of kindness during the funeral of our wife, and mother. We assure you that your interest and consideration is fully appreciated and we will ever remember you.—L. D. Threlkeld and children.

HUGE OIL TANK AT WICKLIFFE EXPLODES.

Wickliffe was shaken and Barlow, Ky., six miles distant, felt the shock at 7:35 o'clock Saturday morning when a huge tank, containing 15,000 gallons of kerosene blew up along side the Illinois Central railroad tracks at the former place.

The oil immediately burst into flames and but for a strong south wind it is believed the Illinois Central depot and a hoop mill would have been destroyed.

The force of the explosion tore up great chunks of frozen earth and hurled them for seventy feet. No one was injured.

Great clouds of black smoke blowing over the river gave rise to a rumor that the Steamer Bob Lee had been blown up and was on fire.

The explosion is believed to have been caused by leaking oil which was ignited by a fire said to have been started by section men.

The fire was spectacular, a solid sheet of flames licking out from the burst tank.

County School Notes

By Miss Virginia Luten
County Supt.

On April 14th there will be a test given on the reading circle books for this year. All teachers who wish to do so may take this test, and thus receive the proper credit for the work done. More attention is being given to this work than heretofore. The examination will be held by the County Board of Examiners and questions furnished from the Department of Education at Frankfort. Supt. Gilbert desires that as large a number of teachers as possible read these books and take this test. The books for this year are: Carney's "Country Life and the Country School," Bricker's "Agricultural Education for Teachers," Field and Nearing's "Community Civics," McMurray's "Handbook of Practice for Teachers," Leiper's "Language Work in Elementary Schools."

The K. E. A. will be held this year April 25-28. Before that date definite announcement will be made as to whether or not county teachers will be given the same credit for attendance as heretofore.

SENSATIONAL BARGAINS IN MISS. COUNTY LAND.

Here is the proposition you've been looking for. Fine "cut-over" land in Mississippi county, at about half what you ought to pay. Buying cheap land makes more fortunes than any one thing.

These lands are all in the New St. John Levee and Drainage District, right across the river from Hickman. The levee protecting all these lands is now being built. They are fine soil and being protected by a levee, makes them, at the price, very cheap lands, and on the terms offered any industrious man can own a farm. But, as the building of this levee is sure to increase land values, you will have to act at once for land like these now selling round \$20 to \$30 an acre. If you own land in this district, whether improved or unimproved, and want a loan, write us or call and see us.

Here are some good "cut-over" land bargains:

1—63 acres on Jim Bayou, 4 miles of Dorena, price \$27.50 per acre, 1-3 cash, balance 7 per cent interest.

2—960 acres near Bayouville, 10 miles of Hickman, price \$20 an acre. This can be had in 80 acre tracts at \$20 to \$25 an acre. 1-3 cash, balance at 6 per cent interest.

3—1400 acres, near Bayouville with 400 acres in cultivation, several buildings, school on land. Price \$28 an acre. 1-3 cash, balance on long time at 6 per cent interest.

4—80 acres near Jim Bayou, four miles from Dorena. Price \$30 an acre, 1-3 cash, balance at 7 per cent interest.

5—240 acres, on Hickman and New Madrid road, 80 acres deadened off. Price \$18 an acre, 1-3 cash, balance at 6 per cent interest. The big drainage ditch is now being dug, running thru No. 2, 3 and 4.

6—1800 acres 8 miles south of East Prairie. Price \$30 an acre, with \$2.50 an acre cash, balance long time at 6 per cent, but purchaser will be required to reduce not less than ¼ of land to cultivation each year.

7—2761 acres, at Henderson Mounds, 6 miles south of East Prairie, right at station, the depot being on the land. About 400 acres in cultivation. Price \$30 an acre, or can be sold in 80 acres tracts of the cut-over land only, at \$30 to \$35 an acre, very easy terms can be had.

8—320 acres 12 miles from Hickman, near Hickman and New Madrid road. Price \$14 an acre,

OUT OF THE GLOOM.

Many A Gloomy Countenance In Hickman Now Lightens with Happiness.

A bad back makes you gloomy. Can't be happy with continual backache.

The aches and pains of a bad back are frequently due to weak kidneys.

Doan's Kidney Pills are recommended for weak kidneys.

So Hickman citizens testify.

Mrs. R. C. Smith, 513 Catlet St., Hickman, says: "Over eight years ago I suffered with an attack of kidney trouble and backache. My kidneys were too frequent in action and the kidney secretions were unnatural. I was annoyed a lot with my back and at one time when I was bent over, a sharp, terrible pain caught me in the small of my back and made me scream. It was some time before I could straighten up even slowly. I bought Doan's Kidney Pills at Helm & Ellison's Drug Store, and one box gave me good results. I haven't had to use any kidney medicine since."

LAND FOR LANDLESS THROUGH FORM LOAN ACT.

The Farm Loan Act provides cheaper money for land purchases. The question has been asked: "Will it not make it easier for some men to get credit to monopolize land, increase land values, make it harder for the tenant farmers and perpetuate and broaden the tenant system?"

The answer says Mr. Wilson, is: "The privilege of borrowing is denied to all men except actual farmers."

Second, the size of the loan is limited to \$10,000, to check the tendency to large farms and land monopoly.

Continuing, he says: "The Loan act gives to the rich no additional advantage in buying land, but does give an added advantage to the landless. It exerts its financial pressure and will always do so in favor of actual working farmer ownership, and against absentee landlordism."

Further inquiry has come as to how a credit system, that lends only 50 per cent of the value of the land, enables a tenant to buy a farm if the tenant has not saved the other 50 per cent.

Mr. Wilson says: "The tenant who wants to buy the land indicates what land he intends to purchase when he joins the Farm Loan Association."

Let us say that the farm he expects to buy will cost him \$5,000. He can borrow \$2,500 on it. He must, therefore, raise this \$2,500 in addition, and he can give a second mortgage on this land.

Men have little faith in a second mortgage ordinarily, because the man who holds the first mortgage may take advantage of a bad season and sell the land and buy it in.

There is no danger of this when the first mortgage is placed through the Farm Loan Association. It is not due in twelve months, or twenty-four months, it is not due for five years, or twenty years. The annual payments are so small that there is scarcely any possibility of a man who has land upon those terms being sold out to settle the first mortgage.

This gives to this farmer's creditors every assurance they can have of security for a second mortgage on shorter time, and he can trust to the profit from the farm to reduce his second mortgage.

This first mortgage, as Mr. Wilson points out, is gradually reduced every year by small payments; but every payment that is made increases the security for the second mortgage. Mr. Wilson says that in some of the States, second mortgage banks are already being formed, by private individuals, to lend money to landless people of proper credit, who want to buy farms and have not the wherewithal.

CALOMEL SALIVATES AND MAKES YOU SICK.

Acts Like Dynamite On a Slug-gish Liver And You Lose A Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a harmless drug. It is mercury and attacks your bones. Take a dose of nasty calomel and you will feel weak, Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you. Advt.

TENN. IS BONE DRY.

Tennessee will be bone dry after March 1. Friday Gov. Rye signed the bill making it unlawful for express companies to carry liquor into Tennessee, except that during the month of February any citizen can have one gallon shipped in to "taper off on." After March 1st, it will be unlawful to either ship liquor in or out of the State, any common carriers will not be permitted to transport it for any purpose.

It will be remembered that a few years ago, under the State-wide act, Memphis, and probably other cities, which had the support of its police officers and newspapers, ignored the law and saloons ran wide open. This brought on the celebrated bone dry law—the best thing that ever happened to the State.

Children and grown folks can take Dodson's Liver Tone because it is perfectly harmless.

Calomel is a harmless drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you. Advt.

According to the old ground hog legend, we are to have six weeks more of winter.

Paper on which the Courier is printed jumped up \$20 more on the 1st Feb. 1st.

Why don't you try LEMOLAC, the pleasant substitute for Calomel?

TENN. IS BONE DRY.

Tennessee will be bone dry after March 1. Friday Gov. Rye signed the bill making it unlawful for express companies to carry liquor into Tennessee, except that during the month of February any citizen can have one gallon shipped in to "taper off on." After March 1st it will be unlawful to either ship liquor in or out of the State, any common carriers will not be permitted to transport it for any purpose.

It will be remembered that a few years ago, under the State-wide act, Memphis, and probably other cities, which had the support of its police officers and newspapers, ignored the law and saloons ran wide open. This brought on the celebrated bone dry law—the best thing that ever happened to the State.

LINGERING COUGHS ARE DANGEROUS.

Get rid of that tickling cough that keeps you awake at night and drains your vitality and energy. Dr. King's New Discovery is a pleasant balsam remedy, antiseptic, laxative and promptly effective. It soothes the irritated membrane and kills the cold germs; your cough is soon relieved. Delay is dangerous—get Dr. King's New Discovery at once. For nearly fifty years it has been the favorite remedy for gripe, croup, coughs and colds. Get a bottle today at your druggist 50c. Advt.

LEVEE TO BE COMPLETED IN NEXT TEN DAYS.

The new city levee in West Hickman is nearing completion, after months of work on the part of the Dixie Contracting Co. It is safe to say there is not a better piece of levee in the country. This massive embankment protects all of West Hickman, together with the Mengel Box factory. Had the levee not been built at this time, there is little doubt that we should have lost the above mentioned factory, which in a business way would have been a great set-back to the town, and property in the west end would have been worth about 15c on the dollar. This levee is costing about \$25,000, a major portion of which has been put up by two railroads and the Mengel Box Co. West Hickman property owners, with the exception of a few who turned the matter down cold, have subscribed to the fund allotted to the city as its part, but enough was not realized from this source, and a committee has been named to canvass the business houses up town, in the unprotected district, for the purpose of raising an additional \$1500. The committee started out yesterday and have thus far collected \$—. Later the Courier will print a complete list of all of those contributing to the levee fund so that the public may know who is helping to build up the town—as well as who are not.

TOM BROOKS WANTS TO BE JAILER.

In announcing Mr. Brooks' candidacy for the office of Jailer of Fulton county, we are glad to recommend Mr. Brooks to the voters of Fulton county, as being an honest, honorable and upright citizen of Fulton, Ky., who has resided there for twenty-five years with a record that is open to the public. Four years ago Mr. Brooks made a very creditable race for this office, being only defeated by 94 votes. He only can vass the county seven weeks in which time, he only saw a part of the voters, now he comes before you again asking an endorsement for only four years, as he believes that any county officer should be satisfied with a four years term, thereby giving others a chance who are equally qualified to fill the office. He pledges himself to fulfill the office of jailer to the credit of himself and the people of Fulton county, and will greatly appreciate any consideration that the voters may give him in this race.

A very uncommon thing happened here last Sunday night—the midnight train stopped—to let Will Johnson, of Booneville, Miss., off. He was called to the bedside of his father and mother, Mr. and Mrs. Henry Johnson, who are very sick. His sister, Miss Bertha, is also sick.—Miss Alice Underwood, came Sunday to visit Mrs. Joe Jones. Mrs. Will Jones, of Fulton, has been staying a few days with her this week.—Turner Purcell and wife, of Beelerton, spent Saturday night with Arch Oliver and family.—R. W. Fowler went to Bethel Springs, Tenn., Monday.—Mr. and Mrs. Luther Hampton are the proud parents of a little baby girl born on Feb. 2nd.—Rev. W. T. Holly was sent to Fulton Sunday to preach for Rev. A. W. Waters who has been sick for some time.—Mrs. Ann Russell, of near Fulton, was called Sunday to the bedside of her brother, Henry Johnson.—Hatsell Graham went to Fulton Friday—the cold day—and became so cold he was unconscious when found on the roadside near Fulton. He was brought home Saturday and is still unable to be out.—Rev. W. T. Holly and wife and Mrs. F. A. Mayfield motored to see J. H. Jones, Monday, also called on Mrs. Price Henry and family, who have all been sick.

We often wonder why it is so many young men can be seen upon Hickman streets until a late hour of night. Many of them are from our best homes. The fathers of these young men, many of them at least, are numbered among our best citizens. If their cow or their horse or even their favorite dog was away from home after dark they would be out on a search, but their own children can roam the town all night with apparently no effort being made to find them.
